# 2019 Year Review

Tuaithe agus Pobail

#### **Crazy Golf**

RCDA were awarded a grant from Leader for the upgrade and repair to the Crazy Golf Course. Work began in early 2019 to repair all the crazy golf holes and provide drainage outlets. Following this, we replaced the existing fence between the Crazy Golf Course and the Tennis Courts which was proving to be a health and safety risk. We were delighted with the installation of 10mm wellness crazy

golf grass and white lines before the Easter weekend. The total cost of this project was €13377.50 and funding of €9232.95 was granted which we are hoping to receive any day now. It is important to note that all funding that is granted can only be claimed once all payments have been made to suppliers.

We were delighted to receive a private donation along with voucher from the Men's Shed from their prize winnings at the Topline Men's Shed competition towards painting the Crazy Golf course which complemented the finish of the whole project. In 2020 we aim to add different features to each hole and we will hold a Crazy Golf Tournament in August for the whole family to get involved in!

We launched an upcycling movement from the donations of wood we received over the year. We made garden benches, picnic tables, flower boxes, Christmas features and other items for around the centre.

We are blessed to have a very skilled maintenance team and wonderful volunteers at the community centre and through working together it has allowed us to create beautiful pieces of craftsmanship.

#### **Mosaic Project**

The Friends of Rosslare applied under the Creative Community Grant to do a Mosaic Project and its recent completion of a wonderful public mosaic trail was featured in November's newsletter. Funded by Wexford Council's Creative Ireland Craft Scheme, the pieces were crafted by volunteers from a variety of local community groups under the tutelage of mosaic artist, Claire O'Brien. In a series of group workshops, over 21 volunteers from the Active Retirement, Tidy Towns, Waves Art Group, Studio 8 Art and Women's and Men's Shed joined forces with the Friends of Rosslare to create beautiful pieces for the garden.

#### **Garden Works**

In October we met with officials from the National Parks and Wildlife Service to discuss how we could treat the amount of weeds we had in the grass at the garden. With this being a protected area we are very limited with the action we could take. Following our discussions we applied for a licence to treat the grass with millions of Nematodes which took

treat the grass with millions of Nematodes which took place in late October so we hope to have a weed free garden in the not too distant future.

New iron works were fitted to the water feature which will be covered with paving allowing visitors to get closer to the water fountain, an added sensory feature to the garden.

#### **Awards**

In November we were delighted to win the "Best Community Project to Improve Accessibility to Gardens/Parks" at the Wexford County Council's Environment Awards.

The Rosslare Men's Shed came 2<sup>nd</sup> in the Topline Men's Shed competition for their entry based on the Rosslare/Marconi link. They generously donated some of their prize money towards the painting of the crazy golf and community centre.

#### **Centre Refurbishments**

We continued to enhance the centre with a new window/hatch for the Centre shop, installed together with a new bright window which has replaced the old doorway into the Centre. The two fire doors in the hall have been replaced, thanks to a private donation.

We added railings to the accessibility ramp to the rear of the centre and along the pathways.

### It's Been A Busy Year.

## **Quick Overview from Jan – Dec 19**

- New Payroll and Accounting Systems Upgrade
- Secured Licensing from Motion Picture to show movies at the centre.
